

Exhibit 5

Attention: VENDOR/SUPPLIER

RE: Product Name

If the product identified above has been determined by you or the manufacturer to be a hazardous chemical or contain a hazardous material, please furnish us with a current Safety Data Sheet, developed in accordance with the requirements of the OSHA Hazard Communication Standard. The Safety Data Sheet must be received prior to or at the time of delivery of the hazardous chemical to the workplace. The product must also be properly labeled in accordance with the HAZCOM standard. Failure to comply with this requirement may cause us to seek alternate vendors; therefore, your cooperation will be greatly appreciated. Should you have any questions, please contact the undersigned.

Very truly yours,

Van Buren County, Arkansas
